

News and views Celebrations

Between academic successes, fundraising and extracurricular clubs, there have been plenty of reasons to celebrate so far this year!

First in this newsletter is a congratulations to Miles, a former Tipton sixth form student who has now begun studying a bachelor's degree in Mathematics at Oxford University. We wish him the very best in his studies.

We would also like to give a huge congratulations to Brandan Gray, who has raised a massive £278 in support of the Bluebell Wood hospice. He has raised this through raffling ten lovely prizes made and put together by his grandparents. Two of the lucky winners can be seen below, with their prizes!

Mrs Hogg 9th prize

Mrs Beaumont 2nd prize

If you weren't already in the festive spirit, then these lovely decorations made by Ms Khatun's craft club are sure to give you a healthy dose of festive cheer!

For those hungrily awaiting big feasts this holiday, our year 11 catering student has made a delicious looking meal for his GCSE practical exam, which can be seen below.

Life has been almost as busy outside of the classroom as inside so far this year, with wicket fun at the VI cricket club, a kicking time at the VI Taekwondo club, and a variety of lovely walks in the peak district and some of Sheffield's finest parks. There have even been some cheeky chickens to egg on!
