

This booklet is to help you manage your time. In it you will find as many coursework and exam dates that we could find.

You will find each coursework or exam date twice - once on a calendar and once listed by subject.

The first thing we suggest you do is to highlight those subjects that you have taken and their dates. If any deadlines change, remember to update this booklet.

If you are struggling with your workload please come and see us and your subject teachers or if you have one, your staff mentor.

Good luck!

Mrs Bragg and Mrs Tabani
