

Art and Design

Curriculum Intent: Engaging with an Art and Design curriculum enables students to broaden their horizons and offers them a greater understanding of the world in which we live. Students are taught to develop a broad range of skills and techniques allowing them to engage with artists, designers, concepts, issues and build cultural awareness. Students are encouraged to record, refine, develop and respond to design briefs allowing them to build confidence and creativity. Written work encourages the use of key terminology, analysis, evaluation, and self-critique along with contextual writing in reference to artists and designers. We endeavour to provide opportunities to understand and explore a wider art and design culture through the introduction of a broad range of current and past artists, traditions and cultures, gallery visits and opportunities to work with outside agencies including involvement in The Big Draw and other competitions. We are passionate about supporting and leading our students with their own style and creativity to become life-long practitioners with the skills to communicate effectively in a range of media. We believe that all students should have the opportunity to engage with the Arts and develop cultural and creative understanding and abilities.

<p>AO1: Develop ideas through sustained and focused investigations informed by contextual and other sources, demonstrating analytical and critical understanding.</p> <p>AO2: Explore and select appropriate resources, media, materials, techniques, and processes, reviewing and refining ideas as work develops.</p> <p>AO3: Record ideas, observations, and insights relevant to intentions, reflecting critically on work and progress.</p> <p>AO4: Present a personal and meaningful response that realises intentions and, where appropriate, makes connections between visual and other elements.</p> <p>Homework: Homework in Art will be set as an extension of classwork, continuing work on the current project, it will be explained in lesson and set on Satchel:One. Students are expected to spend 3 hours per week on Art homework. The purpose of the homework set is to develop, consolidate, and refine skills taught in lessons and to continue development of the coursework project. The content will either focus on research, development, recording, personally responding or annotating work.
