Homework:

Students will have an evaluation homework task each term where they develop evaluation and analytical skills and identify areas of success in their rehearsal to create effective performance work. This will be graded, and feedback given – DIRT time is structured into our lesson sequencing to develop writing skills.

The purpose of the homework in Drama is to:

1. Develop students' evaluative and analytical written skills in response to practical work completed in lessons.
2. To use drama terminology correctly to explain their opinions and provide alternative ideas.
3. To learn and practise the style of writing required to be successful in Drama.

Assessment:**Formative:**

Midway through the unit, students will be assessed on rehearsal & performance work and will receive teacher, self and peer feedback to target specific areas to develop.

Summative:

At the end of the unit of work students will have the opportunity to develop and refine performance skills from their formative assessment with a final term performance.
