#### Homework:

Students will be given a specific revision homework task to prepare for each of the assessment periods. More frequently students will be given:

- rehearsal tasks to be completed outside of lesson
- line learning homework tasks in preparation for performances
- script writing tasks in preparation for performances
- short written tasks to prepare for the assessment points

The purpose of the homework in Drama is to:

- 1. Develop students' evaluative and analytical written skills in response to practical work completed in lessons.
- 2. To develop students' creative design skills by recognising the impact of design on creating meaning for an audience.
- 3. To use drama terminology correctly to explain their opinions and provide alternative ideas.

To learn and practice the style of writing required to be successful in Drama.

### Assessment:

Students will have two formal assessments across the year.

### **Practical (for both assessments):**

Both assessments will include a performance element. Students work in groups to create a piece of theatre using the skills explored during that term. Students will be assessed on their rehearsal and the realisation of the performance. These performances will <u>not</u> take place during assessment week.

## Written:

During assessment week:

For the first assessment students will complete a 45-minute exam paper answering a series of questions on a text studied that term from the point of view of an actor, director and designer.

For the second assessment students will complete an extended piece of writing in 45 minutes analysing and evaluating a piece of live theatre that they have either seen at the theatre or streamed on one of our live theatre platforms that we subscribe to.
